Tüm ürünlerimizde mekanlarınıza uygun olacak şekilde ahşap modeller için cila kartelamızdan, metal iskeletli ürünler için RAL kataloğumuzdan ve döşemeli ürünlerimiz için kumaş kartelalarımızdan seçim yaparak farklı kombinasyonlar ve özgün tasarımlar oluşturabilirsiniz.

Dış mekan metal ürünlerimize kataforez uygulanmaktadır.

Kataforez; Metalin dış mekan hasarından koruması için boya altına uygulanan bir kaplama türüdür. Kataforez uygulaması metali; nem, yağmur gibi iklimsel etkilerden paslanmaya karşı korur. Özellikle dış mekanlarda kullanacağınız ürünlerde uygulanması, ürünün ömrünü uzatmaktadır.

You can create different combinations and original designs by choosing from our polish cartels for wooden models, our RAL catalog for metal skeleton products and our fabric cartels for upholstered products in all our products to suit your spaces.

Cataphoresis is applied to our outdoor metal products.

Cataphoresis; It is a kind of coating applied under the paint to protect the metal from outdoor damage. The application of cataphoresis protects the metal from corrosion from climatic influences such as moisture, rain.
