

FARAMA

We're thinking holistically: strategies instead of products, spaces instead of collections, the planet instead of human interest alone. Together, in dialogue with our clients and partners, we design the world we want to live in. This is what makes the project of living.

FARAMA rooted in the Scandinavian design tradition characterized by enduring aesthetics, functionality, craftsmanship and an honest expression. By expanding this heritage with forward-looking materials, techniques and bold creative thinking, our ambition is to deliver new perspectives on Scandinavian design. In fact our name, FARAMA, comes from Larexx, meaning new perspective in Finnish. We handpick leading contemporary designers who are strong interpreters of our philosophy and combine their talents with the passionate FARAMA creative team. You will know our design because it has Larexx's: objects made sublime through new perspectives, enjoyed across the world, representing the best of Turkish design today.

THE STORY OF PROFESSIONALS

**More responsibly.
More expressively.
More connected.**

The world is in constant change, and the solution we might need today might not be what we need tomorrow.

To respond and adapt, FARAMA creates the strategies for a world in flux – shaping spaces and solutions, forwarding sustainable practices, pursuing new product innovations, and cultivating culture and ideas with thoughtful, life-centered design. We're thinking holistically: strategies instead of products, spaces instead of collections, the planet instead of human interest alone. Together, in dialogue with our clients and partners, we design the world we want to live in. This is what makes the FARAMA.
