Hızlı ve Hazır Çözümler...

Şantiyelerin Vazgeçilmezi

Konteynerler gerek hızlı ve kolay üretilebilmesi, gerek istenildiğinde tırn üzerine konulup taşınabilmesi, ekonomik ve pratik olması, istenilen iklim koşullarına uygun yalıtım yapılabilmesi nedeniyle tercih edilmektedir.

Monoblok yada Flatpack

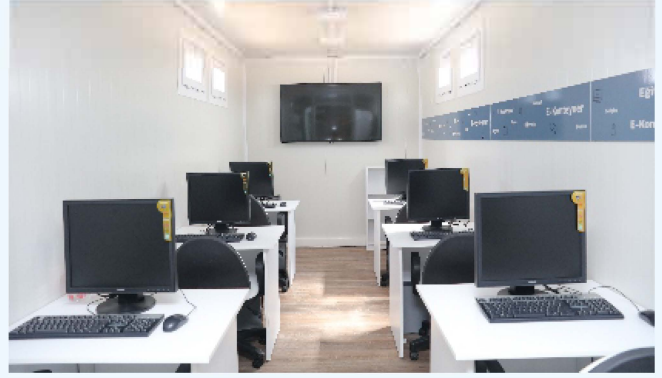

İster monoblok yani bütün şekilde, istenirse flatpack (paket) şeklinde üretilen konteynerlerimizi dilediğiniz yerde konumlandırabilir, istediğiniz zaman kolaylıkla taşıyabilirsiniz.

Dış Cephe Alternatifleri

İsteğe bağlı dış ve iç cephelerde kullanılabilen TurkSiding fibercement yalibaskı veya HekimBoard fugalı kaplamalarla ofisleriniz bambaşka bir görünüme kavuşacaktır.

Ekonomik ve kolay taşınabilen estetik, dayanıklı ve modern konteynerlerle yapılar artık daha keyifli.

Sadece Şantiyede Değil...

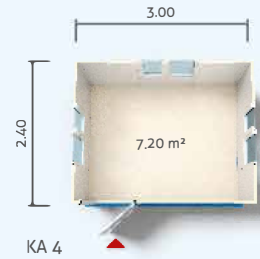

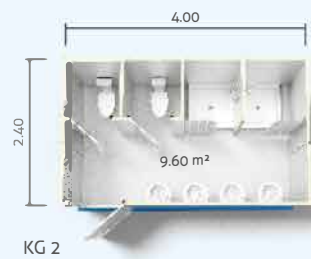

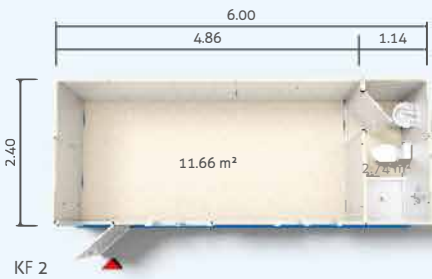

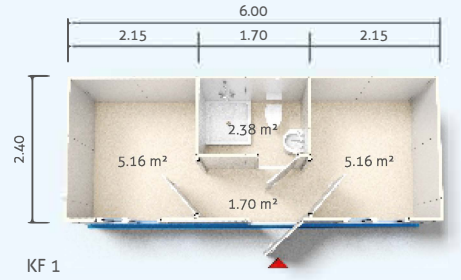

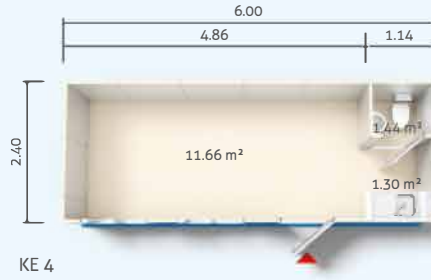

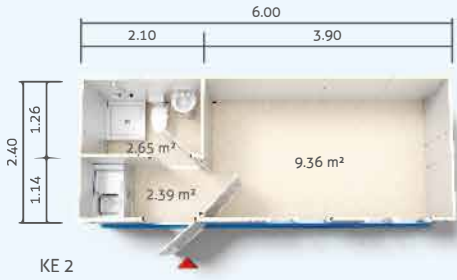

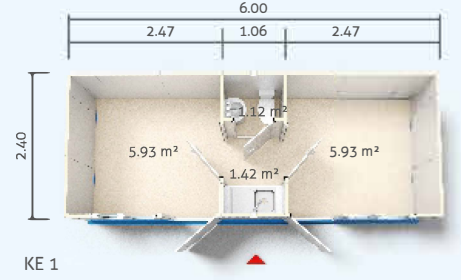

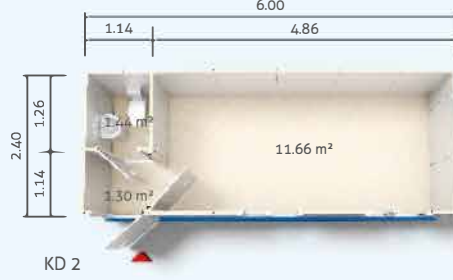

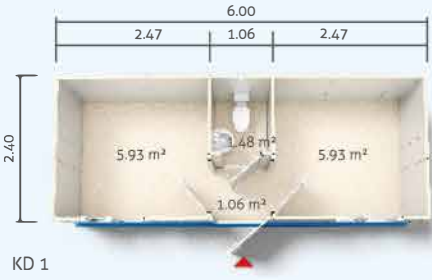

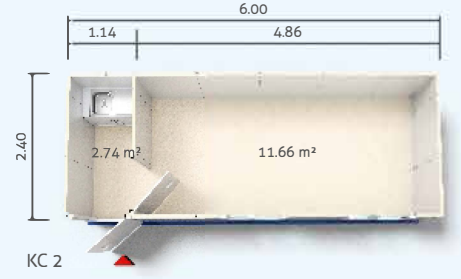

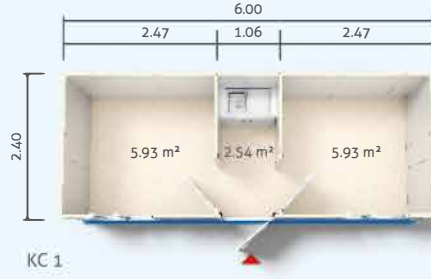

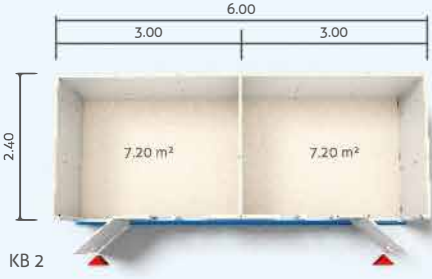

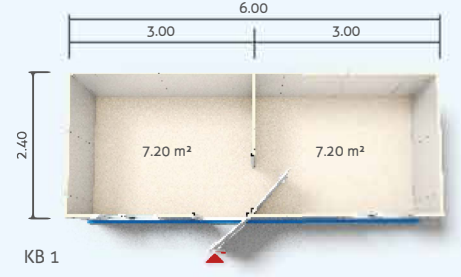

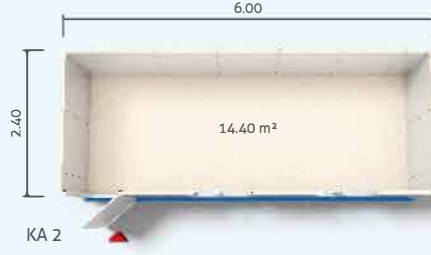

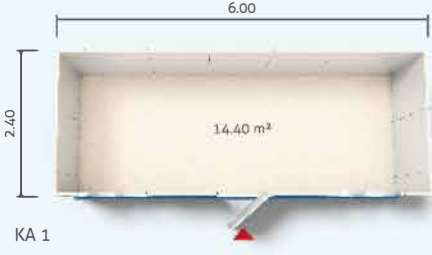

Şehir merkezlerinde, konser alanlarında, fuar ve panayır alanlarında çeşitli amaçlara uygun olarak hazırlanan çalışmalarımız da bulunmaktadır.

Her türlü kullanıma uygun olarak hazırlanan konteynerlerde estetik, hijyen ve dayanıklılığa önem verilmektedir.

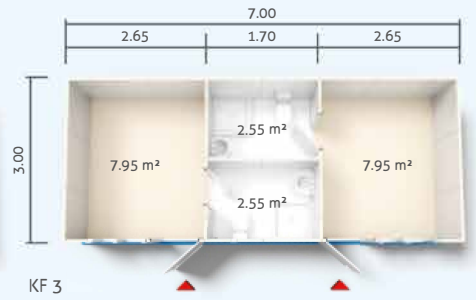

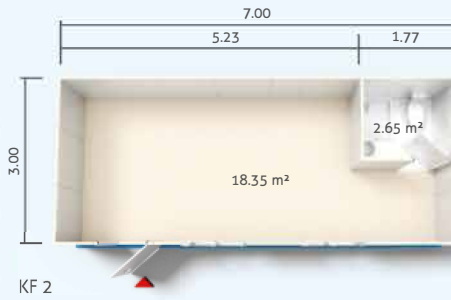

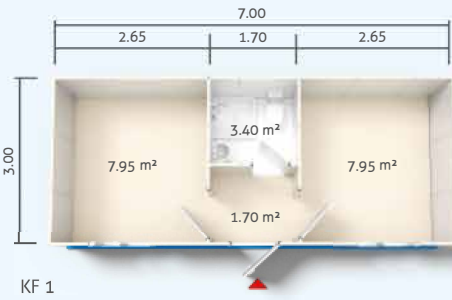

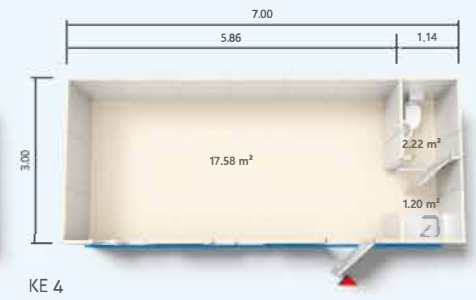

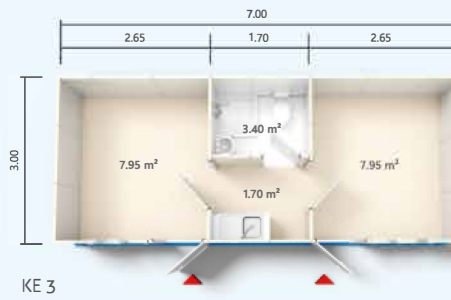

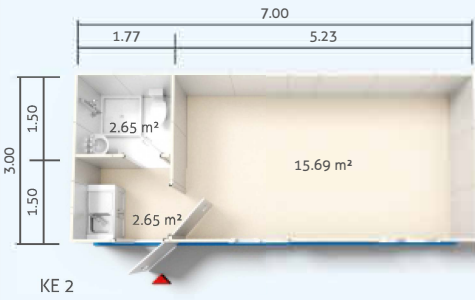

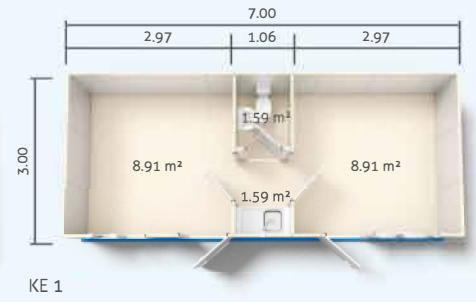

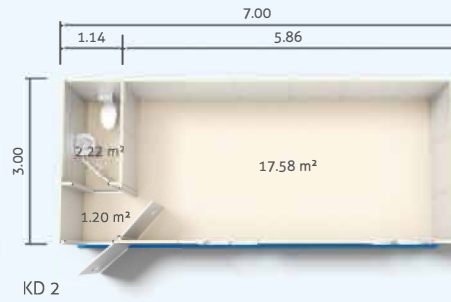

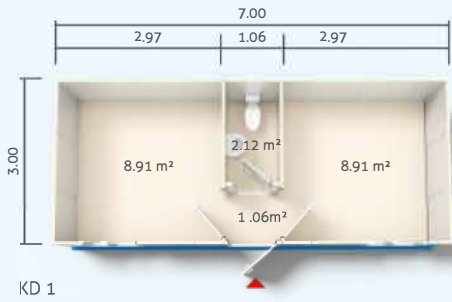

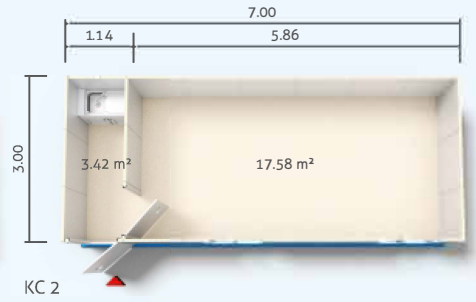

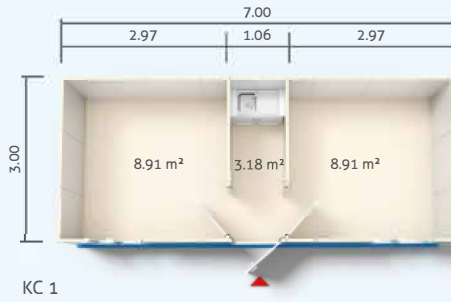

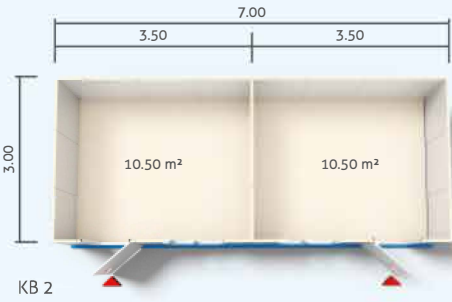

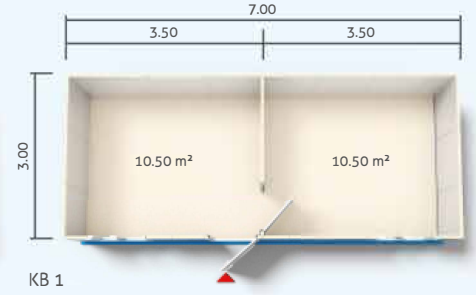

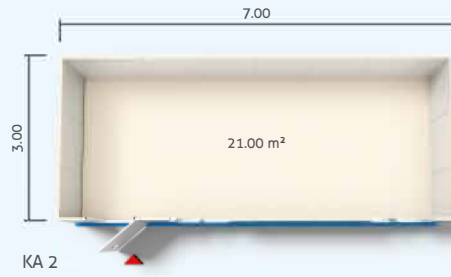

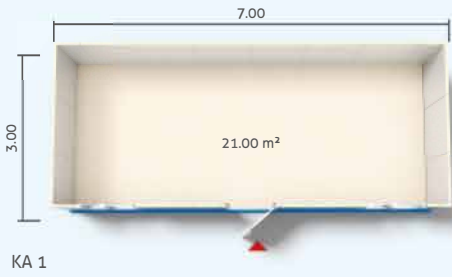

MODÜL SİSTEM KONTEYNER PLANLARI

2.40 x 6.00m: 14.40m²

MODÜL SİSTEM KONTAYNER PLANLARI

3.00 x 7.00m: 21.00m²
