Outdoor Living Concept

*The Story of*  
**FARAMA**

Beauty should not be hidden from human perception.

It simply cannot be. We see ourselves as the ones who unveil true beauty. We craft handmade outdoor furniture from high-end materials with our innovative engineering systems. With those, we bring a philosophy of life that we are one step closer to the future at every outdoor moment.

Every Outdoor Moment

# MEON

Meon presents timeless in-design solutions for the unique and warm spaces you enjoy. A daily, weekly, or monthly effort is required to achieve lasting inner tranquility. Whenever you sit down in the Meon, you'll be able to relax and unwind completely. Capture the moment that you have with serenity.

With the comfort of the Meon, you will be able to enjoy peace and quiet at all times. Are you ready to combine your timeless moments with timeless marble surface options?

# GLORIA

Touch precedes both sight and language. It's the first and the final language we learn, and we can always trust what it says. Gloria offers a sensual recital for all of your feelings within its compactness and distinctive features that blend different forms & materials. You'll fall in love at first touch.

Gloria embodies the authentic form, impeccable texture, and vibrant colours. The aluminum structure conveys a gripping story about the craftsmanship of the past and the future of the aesthetics of design.

# GLORIA DAYBED

Time will pass, maybe the day will turn into night, but your pleasure on the Gloria Daybed goes on and on. Let your imagination go wild, and then take a sit back and reflect. It is the wellspring of unbounded imagination and innovation. Enjoy daydreaming with Gloria.

Born from the impeccable harmony of teak/iroko and aluminum in its structure, Gloria Daybed invites you on a pleasant passage in the world of dreams. Sweet dreams are made of this.

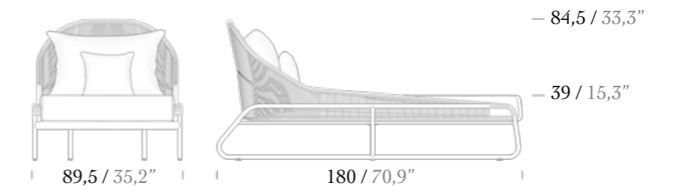

THE DAY WILL  
turn into NIGHT SWIFTLY  
when you are on Gloria Daybed.

# CORAL

Everlasting comfort beyond any expectation feels safe and sound. Sometimes the most ordinary things can be made extraordinary, simply by doing them with right furniture. Coral is brought to the surface of the soil by the graceful harmony of wood and ropes, as well as the inclusion of unusual elements.

The extraordinary comfort of Coral will open the door to different realms just for you. The elegant harmony of wood and ropes and unique details brings Coral to the surface of the earth.

NO *need* TO EXPLAIN,  
Coral is simply extraordinary.

# HANOI

Hanoi allows you to create different and harmonious combinations in your space. Hanoi modular sofas are made up of individual sections and modules that can be arranged to suit your needs and preferences. This allows for great flexibility and versatility, as the sofa can be configured to fit a variety of spaces and styles.

With warm effect of wood and the durability of aluminium, it gives an impressive atmosphere to your spaces.

# ADEN

Every sip of the coffee you will have with your guests will be a reminder of the elegance you have created. Aden, the calm host of sincere environments, is pleased to welcome you in warm and genuine conversations. Hospitality is shared, and people are cared for.

Hospitality is simply an opportunity to show love and care. Aden helps you reflect these feelings with the perfect combinations of teak/iroko, aluminum, and stainless steel.

Dining Table 230x95

# RIO

With the breeze where distinguished form meets dexterity, Rio is the collection that illustrates a future anterior, in the extent of its merging style that touches the past, at the very same time. Rio will take you to the present, where you'll observe a fusion of aesthetics from the past and the future and get the sensation of being in a time machine.

While the manner the ropes are tied on the chairs offers comfort, RIO creates remarkable spaces with marble prospects that merge with the exceptional form on the table.

# SPACE

The Space chair has a unique and modern design that combines the warmth and natural beauty of wood and braid options. This chair is named after the concept of space, representing the open and airy design of the chair.

It is designed to be comfortable and supportive, with a wide and sturdy seat and backrest. The open design of the chair allows for air circulation and keeps the user cool and comfortable. It is also lightweight and stackable, making it a versatile seating option for any space.

# RAPHIA

Raphia embraces your comfort with its aluminium structure suitable for all weather conditions. It is a outdoor structure that provides shade and a decorative element to your spaces. This product is named after the Raphia palm, which is native to tropical regions and known for its large, sturdy leaves.

It brightens up the time you spend outdoors and bring the outdoor concept you have dreamed of.

## ALUMINIUM COLORS

### Aluminium Colors

Aluminium is an ideal material for outdoor & exterior solutions thanks to its unparalleled lightness, excellent weight and strength ratio, and remarkable resistance to the vast scale of corrosions. We paint aluminium with the most elegant of colors. For a solid & strong structure that sensible merged with upscale beauty in every part of your exteriors.

## BRAIDS

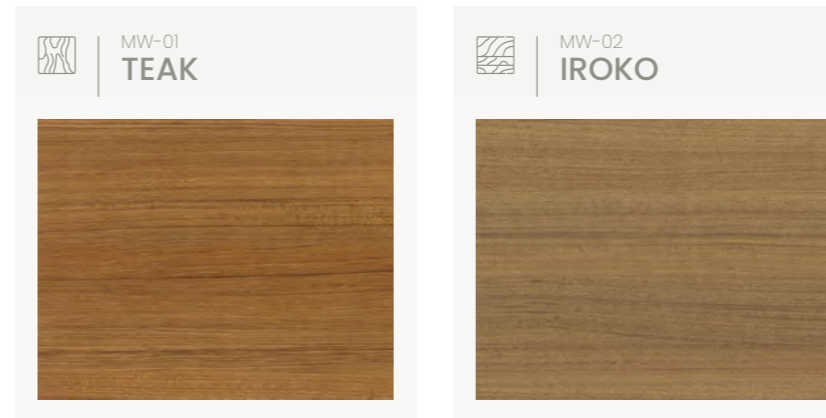

### Braids

Compactness is an essential concept for us in both levels of design and production. To guarantee the ideal shape and endurance against every possible external effect, we use UV-proof and %100 Solution Dyed Acrylic and combines them with the most suitable coating options.

## WOODS

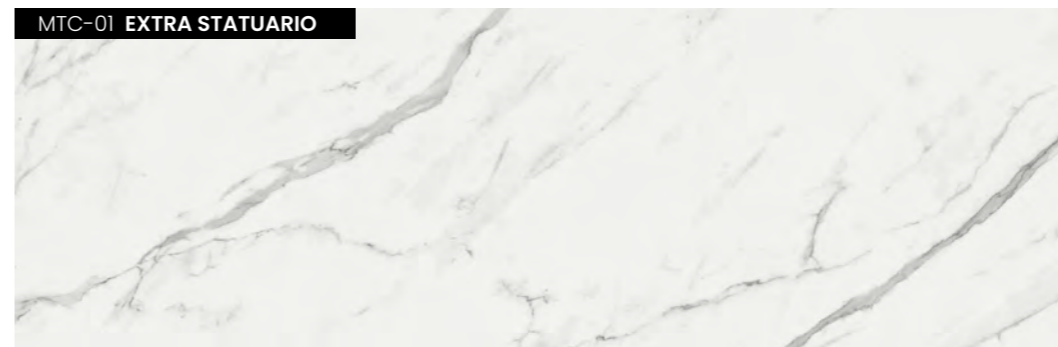

### Teak & Iroko

Thanks to First Quality Burmese Teak, we can offer you long-lasting experiences in the outdoor spaces. As a nature-originated product, it is normal for teak/iroko to get small surficial cracks and to lose its color from golden brown to light silver within six months to two years due to the natural weather circumstances.

## TABLE TOPS

### Porcelain Stoneware Tables

An exceptional combination between design and function. The perfect ingredient for the creation of tabletops diverse looks with modern, elegant moods. Surfaces with high technical performance. Perception of high quality beyond any expectations. Exclusively developed by FARAMA for your happiness and comfort. Surfaces resistant to water, bacteria, scratches, abrasions, freezing, acids, thermal shock and easy to clean allow for completely unique designs.

### HPL High Pressure Laminate

This modern technology makes it resistant to impacts, scrapes, fire, water and humidity. It is also bacteria resistant and easy to clean.
